What's in the Works, Marshall?

In 2025, the City of Marshall continued to strengthen its position as a regional center for growth, opportunity, and quality of life.

The City remained focused on addressing housing needs through a mix of market-rate, workforce, and future affordable housing initiatives to ensure residents and employers alike can thrive. Residential development advanced with the Stone Meadows housing project, which is bringing more than 100 new market-rate units to the community to help meet growing housing demand and support workforce growth. In addition, the City is establishing strategic partnerships to support the development of new affordable single-family homes in the Parkway additions, with construction anticipated in 2026.

Strategic infrastructure investments also moved forward in 2025, enhancing accessibility, safety, and efficiency for residents and businesses. A transformative project is the reconstruction of Highway 19/College Drive, a two-year, \$25.7 million effort to rebuild 1.8 miles of roadway, upgrade utilities, improve safety through a new roundabout and sidewalks, and enhance drainage and overall connectivity.

Retail and commercial development remained strong in 2025 with the opening of national tenants such as Marshalls and a new Les Schwab Tire location. Existing businesses along the East College Drive corridor also expanded, including Borch's Sporting Goods and Lockwood Motors. The community also celebrated the completion of the new Southwest West Central Service Cooperative Education Support Center, a regional office facility that supports school districts throughout southwest Minnesota.

In addition, quality-of-life investments continued with major construction progress on the new Marshall Aquatic Center, The Splash, further expanding recreational amenities for residents and visitors.

As we look ahead to 2026, the EDA will continue to focus on supporting local businesses, attracting new investment, and maintaining the high quality of life that makes Marshall a great place to live, work, and grow.

THE HISTORY OF Marshall, Minnesota

Marshall's first settlers arrived in June of 1869, when a group of three men and one woman traveled to western Minnesota in search of new land for development. The group, who arrived in covered wagons, included C.H. Whitney and C.H. Upton, who located claims on the present site of downtown Marshall. In 1870, Whitney established a post office in Marshall and became postmaster. Mrs. C.H. Whitney was given the honor of naming the community. She chose the name to honor Minnesota Governor William Rainey Marshall, a two-term governor who served from 1866 to 1870. Marshall succeeded over the neighboring community of Lynd as the county seat due to its location and new rail line. The arrival of the Great Northern Railroad in 1888 provided Marshall with Crossroad status, thus greatly increasing its ability to succeed as a community. By the end of World War II, the community began a phase of rapid expansion. The city's first and most dramatic success in the field of food processing was by Louis Weiner and sons with their company, Marshall Foods. However, the largest impact on the community started when Paul Schwan built his own dairy plant on West College Drive together with his wife and sons, Marvin and Robert, in 1948. Four years later, Schwan's Dairy and Home Delivery was founded. Today, Marshall is home to over 600 businesses from all sectors, including a regional health care facility in **Avera Marshall** and a strong manufacturing segment of businesses such as **Archer Daniels Midland (ADM)**, **CJ Schwans**, and **Ralco**. We are also home to a strong retail base that includes a lively Downtown district as well as a large big box district including **Hy-Vee**, **Walmart**, and **Runnings**. *We welcome you to our community!*

THE NEXT GENERATION OF *Local Business Owners*

Marshall is home to diverse industries, including agriculture, manufacturing, retail, and education - all providing a solid foundation for both new and existing businesses. A critical aspect of maintaining our lively community is understanding the significance of a business being purchased rather than closing, and the profound economic and social impacts it has. Fortunately, we are witnessing a new generation stepping up to take over some of our long-standing businesses in the community, ensuring their legacy continues and paves the way for future growth. **Meet some of these business owners in our community!**

**Josh Anderson, Owner
Marshall Machine Shop**
Purchased in 2022
Business Founded in 1974

"I was born and raised in the Marshall area, and from a young age witnessed the dedication and hard work that went into running the Marshall Machine Shop. My father, Doug, purchased the shop in 1990, driven by a passion for metalwork and a dream to create a business that would serve this community. Over the years, our shop has become a cornerstone in Marshall, providing essential services and employment opportunities.

In 2022, I purchased the shop with a desire to continue the tradition of excellence Doug established, and a mission to keep this important industrial business thriving. My goal is to preserve the values that have defined us for decades to ensure the Marshall Machine Shop remains a vital part of the community for generations to come."

**Zach Haltvick, Owner
Music Street**
Purchased in 2024
Business Founded in 1985

"I have had a passion for music my whole life. Shortly after moving to Marshall in 2016, I was approached by Lon Wright to be the manager at Music Street. I loved that the business provided instruments and service for all types of musicians, and especially its focus on school music programs.

I purchased the business from Lon in 2024. Later that year, we relocated into a larger location - expanding our selection of instruments, lessons, and classes. I strive to continue providing excellent service to the 25+ school districts we work with in SW MN, and to be a business that all musicians can count on to supply knowledge, repairs, and reliable instruments."

**Tyler Thompson, Owner
Town & Country Agency**
Purchased in 2025
Business Founded in 1977

"My journey in the insurance industry began in 2015 as an underwriter for North Star Mutual. In 2018, a formal introduction via a family friend, Nathan Lange, led me to Duke Pogatchnik—then owner of First Independent Bank and Town & Country Agency. I stepped into the role of Agency Manager and immediately realized I had a knack for simplifying the complexities of insurance. My goal has always been to turn a typically stressful process into a seamless experience that provides both budget-friendly coverage and peace of mind (with a few laughs along the way).

In a true "full-circle" moment on January 1, 2025, Nathan and I partnered to purchase the agency from the Pogatchnik family. While we are the new owners, our commitment to the Town & Country name remains the same. We are proud to uphold the long-standing history of reliable, professional service our clients have trusted for decades, and incredibly excited for the future and deeply grateful to the Marshall community for the continued opportunity to serve you."

**Shauna Bjorklund, Owner
The Gambler**
Purchased in 2022
Business Founded in 1982

"I have always worked in the "people" business. From babysitting to running the front desk and concessions at the local pool, serving at a neighborhood restaurant, and cooking in a nursing home, each role shaped who I am and how I approach my work today. Those experiences ultimately led me to The Gambler. When a friend suggested I apply after college, I never could have imagined that five years later I would be its owner. The relationships I've built at The Gambler have always been about more than a transaction, they are the heart of the business.

The Gambler is a Marshall staple, and I am deeply grateful to this community for welcoming me with open arms. Through every economic high and low, it has remained a place of comfort in difficult times and celebration in good ones. From game-day pregames to late-night celebrations, craft nights, and graduation parties, it is this community that continues to keep The Gambler thriving."

2025 Class AAA Volleyball State CHAMPIONS

Marshall now has 10 State Volleyball titles - the most in Minnesota state history!

"So much pride. For our school, and we're representing Marshall. The fact that we get to do this for our school, and have these state championships, it's so great. I'm just so proud to be raised in a volleyball program like Marshall's," Marshall senior setter Brooke Gillingham (pictured on 2026 Marshall Community Guide cover, left) said. "Coach [Dan] Westby talked to us before the game on how proud he is, and how much pride he takes, and how we were raised in this Marshall volleyball program. Honestly, it's the best one in the state. Maybe with some bias, but it's great. It's great being from Marshall, and it's so special to bring home that state championship."
