

Chamber CONNECTION

The Marshall Area Chamber of Commerce Connection to Local Business, Public Policy, Economic Development, & Community Events

A Word from the Chamber President...

Brad Gruhot
Marshall Chamber President

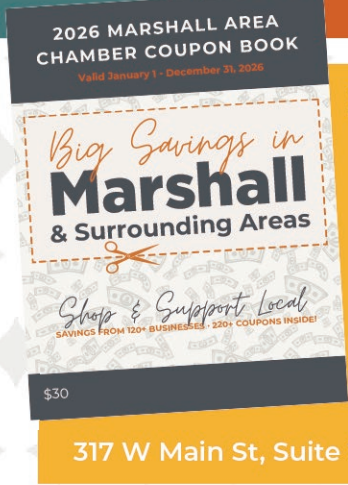

There sure are lots going on in Marshall when it comes to road construction! I hear about it frequently in conversation, and I see it quite a bit on social media, too.

You would have to agree that the first half of the construction project looks great from 2025, right? The roundabout that people were worried about looks terrific, and it's easy to maneuver around. Are you aware that these conversations started 10 years ago with MnDOT, with various open houses that the public could attend?

My point is, for those who have concerns about the projects, plan your route. It's not all that hard to use the side roads, and it may add 30-60 seconds to your route.

What I'd like readers to consider is supporting the businesses affected by the construction. Make a point of going to the retail and restaurants that are butting up against the stretch of construction. They will appreciate you!

Before you know it, construction will be over, and then we will go from one side of town to the next in no time. *-Brad*
